Description of the activity (about 10 lines):

This first meeting was an information meeting. The CRISCO project was explained to the audience (citizens, stakeholders, associations, officials), with a presentation of the programme "Crossroad of the Regions" as well, the participatory socio-cultural programme developed by the municipality to showcase the cultures and knowledges from regions of the world represented by the diverse population of the neighbourhood (exhibitions, debates, cuisine, language courses ...)

After the presentations, the participants were invited to ask questions and to express themselves about their own motivations for being part of the project. Each interested participant filled in an application form for the local group.

Results and outcomes of the activity (max. 10 lines):

This first meeting was the occasion to launch CRISCO and to start a mapping of the social cohesion actions in the municipal territory and to enrich the "Crossroad of the Regions" programme. Those 2 elements (social cohesion mapping and the "Crossroad of the Regions") will be the foundation of the Etterbeek's contribution to the forthcoming transnational event in

Bassano del Grappa. Thanks to the forms filled by the participants at the meeting, we have at our disposal a good basis for our local group of stakeholders.

Relevance for and link to CRISCO (max. 5 lines):

Most of the participants were very interested in the project, and have a relevant profile to be part of the CRISCO project. There was a good balance between citizens, organizations and officials.
