CRISCO Local Process - Reporting

A. Local Process - Introduction

Local Panels of Stakeholders (LPS) are central in CRISCO.

- Each CRISCO participant sets up a motivated, active and well-balanced LPS (based on these proportions: 1/3 of citizens or citizens' organizations, 1/3 non-profit and civil society organizations, and 1/3 experts, officials and local authorities), that will meet regularly to **experiment and review (new or existing) local integration initiatives.**
- In each CRISCO partner, the LPS is composed of at least 18 formal members (**at least one signed attendance list per reporting period** is necessary – 4 in total), but may be widely enlarged by the informal participation of the wider local community.
- Building on their existing mechanisms of local democracy, each partner town will maintain existing or develop new instruments to involve local stakeholders and citizens in the project, especially the “hard-to-reach” groups.
- For this purpose, different participatory approaches, adapted to their specific conditions and needs, are expected to be maintained or developed by the CRISCO partners
- Local activities could be of two main types:
 - *Reflection*: debates, workshops, in-field visits, review of existing local initiatives (including interviews or questionnaires), invitation of external ‘experts’ or ‘resource persons’ (including from other CRISCO partners), etc.;
 - *Action*: launch, activate, enrich or adapt (new or existing) local integration initiatives with a focus on the theme for the reporting period (4 in total).
- **Local activities reported in the CRISCO reports may be activities that take place in the context of other local initiatives but must be relevant for and linked to CRISCO (logos...).**

Important note: CRISCO partners may take part as ‘experts’, ‘external resource persons’ or ‘interested persons’ in the local process of another partner (2 missions per CRISCO partner), following rules that will be established for CRISCO (relevance, cost efficiency...).

Please submit (at crisco@etterbeek.irisnet.be) each local process report and its annexes not later than 1 month after the end of the reporting period (4 in total).

Reports must be written in English language.

Please send pdf documents and keep all original documents in your possession and in good conditions until five years after the end of the project.

The topic discussed is a topic which is interesting for everybody. Participation in the group of different persons with different perspectives on the subject.

- How did the local process support the preparation and contribution to the forthcoming transnational thematic event (max. 5 lines):

In the second local meeting held in Piazza Hotel we had a discussion with different actors on ideas how prejudice is created and how it can be unnoticed in the daily life . This ideas where to be brought in the transnational event, to be shared and discussed with the other partners

Results and outcomes of the activity (max. 10 lines):

In summary the thoughts from the second local meeting were:
The prejudice against marginalized groups is present in our everyday life, and sometimes we don't notice it. Prejudice can be diminished if we know each other. The more we communicate and collaborate with each other the less prejudice will be. And as a consequence to take steps before discrimination helps.

Relevance for and link to CRISCO (max. 5 lines):

The local meeting made us start our reflections on prejudice against marginalized groups. It made relevant partners meet – and thereby already get the possibility to work together. At the same time, the meeting gave relevant thoughts for the coming transnational meeting.
